PRODUCT INFO

PRODUCT NAME

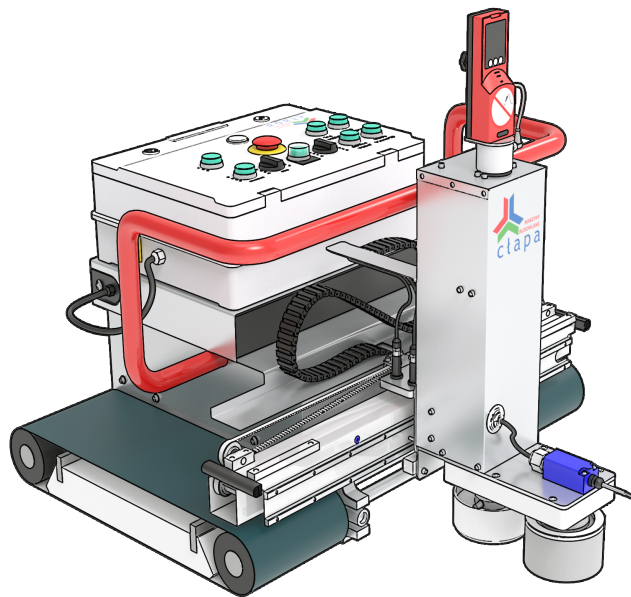

Floor Master

PRODUCT MODEL

TYPE 130

PRODUCT VERSION

Battery Powered

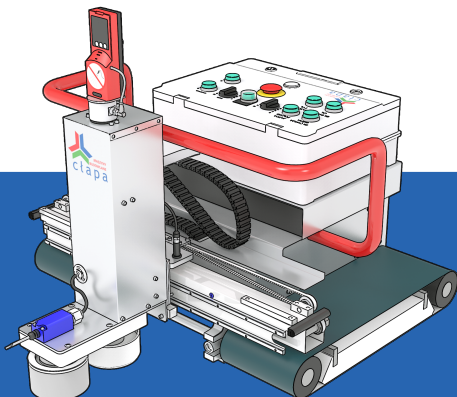

TRANSFORM YOUR OPERATIONS

The Floor Master is a cutting-edge automated robot designed for laying, leveling, and compacting concrete floors with professional precision. Whether you're working indoors or outdoors, this machine delivers consistent results across horizontal and diagonal surfaces while maintaining perfect level alignment—even when moving between rooms through doorways.

BORN IN POLAND. BUILT FOR PERFECTION.

The Floor Master is a cutting-edge automated robot designed for laying, leveling, and compacting concrete floors with professional precision. Whether you're working indoors or outdoors, this machine delivers consistent results across horizontal and diagonal surfaces while maintaining perfect level alignment—even when moving between rooms through doorways.

KEY FEATURES

EFFICIENCY

- The Floor Master delivers efficient concrete leveling at a rate of 80m² per hour, with customizable settings to adapt output to your project's specific requirements.

ADAPTABILITY

- With selectable working widths of 80cm and 130cm, the Floor Master adapts effortlessly to a variety of floor layouts, providing agile performance for both narrow and wide screeding applications.

QUALITY

- The Floor Master delivers compaction force up to 30% higher than manual methods, ensuring superior durability and surface uniformity.

VERSATILITY

- Capable of operating on slopes from 0 to 4%, the Floor Master ensures precise leveling even on inclined surfaces.

FLOOR MASTER TYPE 130 CABLE POWERED

INFORMATION		VALUE		
Dimensions		84 cm	78 cm	73 cm
Weight		65 kg		
Efficiency		80 m²/h adjustable		
Battery Details		32Ah	24V working voltage	
Battery Work Time		5-6 hours of constant	up to 8 hours of intermittent	
Charge Time		2-3 hours		
Precision		±1 mm over 20 m		
Work modes		80 cm	130 cm	
Materials		Aluminium	Stainless steel	Polymer
Precision levelling method		Laser guided		
Additional items		2 remote controls	Racks	Oil can
Spare parts		T5 wheel	T5 belt
